All American Relocation First To Offer Portable SAM - Store and Move Service

Raleigh, N.C., October 1, 2008 – SAM – Store and Move announced today that residents in the Raleigh area will be offered the new portable self-storage and moving container service. SAM, an emerging leader in portable moving and storage solutions, is a convenient, safe and secure alternative to truck rental or mini-storage. All American Relocation was selected as an authorized dealer because of their moving experience and their service capabilities.

“We are thrilled to introduce SAM to the Raleigh market,” said Brett Plummer, co-owner of All-American Relocation and local SAM dealer. “SAM is a portable storage and moving container that is unique in the fact that it was designed around protecting customers’ personal belongings. It is the sturdiest and most secure container service available on the market today. With more than 25 years in the moving industry, we know what our customers need and want, and with SAM, we can offer them more moving-related services.”

SAM – Store and Move is a convenient and portable storage and moving solution that is delivered to the customer’s residence and placed at ground level for easy packing and unpacking. For customers who are using SAM as a short- or long-term storage unit, it can be stored on site at their residence or at the dealer’s secure facility. For customers planning to move, SAM allows the customer as much time as they need to pack, then a company representative picks up and moves the container to the new location, again allowing customers the freedom to unpack at their leisure. In addition, SAM offers one-way, interstate rentals to customers in more than 4,500 cities across the country.

“Currently, only two companies in the portable moving container industry are offering one-way, interstate rentals, and SAM is the first to do so with an existing national infrastructure, dealers with extensive experience in the moving industry, and a container designed with moving a consumer’s belongings in mind,” said Tom McCormick, president of SAM – Store and Move. “Our mission is to provide customers with the opportunity to store and move themselves while offering convenience, peace of mind and extra support along the way.”
